

Introduction

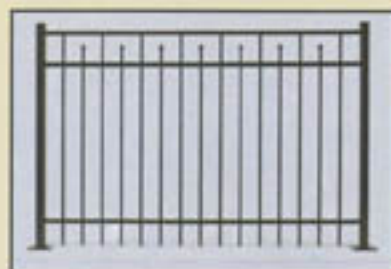

With so many styles from which to choose, the easy part is selecting Delgard; the hard part is choosing from all of the beautiful options. To customize your fence, add decorative accessories such as finials, ball caps, scrolls or circles. Use the images below as well as the photos throughout the brochure to determine which combination works best for you. Mix and match...who knew choosing fencing could be so much fun?

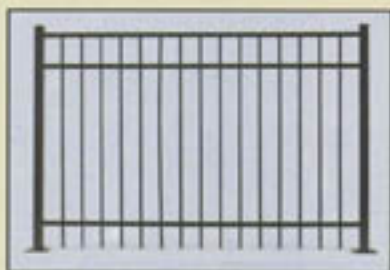

AVALON: Residential, Aero

Sentry
48"

All styles are 101" wide panels except Sentry, which has 71" wide panels.

Number of rails and pickets vary according to style, height and grade.

An elegant radius on all pickets, posts, and rails create Aero's graceful soft style. This grade is extremely practical for swimming pool enclosures, estate fencing, golf courses, and new home developments.
